## WELCOME

### Dean's Letter

I would like to welcome you to this first issue of the Students Activities Unit (SAU) and Eshraqah club Newsletter, and it is my pleasure indeed to introduce this valuable Newsletter. We at the College of Dentistry believe that students are the core focus of our interest, and without their valuable input and contributions, we can't achieve our goals. That's why the Students Activities Unit was established to facilitate and translate the students' efforts to organized projects that can sharpen their skills and open new opportunities to enhance the educational process. My dear students, I am very sure you will find all the support and guidance you need through our amazing team in SAU and Eshraqah club, so please don't hesitate to communicate with them for anything you should need. Finally, I would like to thank my colleagues in SAU and Eshraqah club for what they did and still doing to make a wonderful environment for our beloved students, and I wish you all the best.

**Prof. Abdulwahab Abuderman**  
MD, PhD  
Dean, College of Dentistry

Best Regards

## Student Activities Unit

Welcome to our first Newsletter. This shall be a special 'Premier Issue' to introduce you to The Student Activities Unit and highlight all of our College's wonderful events, great initiatives, and magnificent achievements.

It has been a great start of the year for us all after the pandemic. My time as the Chairman of The Student Activities Unit is just started.

The Unit is concerned with achieving the College and the University's vision, mission, and objectives by offering exceptional student activities. It is in this spirit that I would like you all to be involved and engage with us.

I hope you are enjoying this electronic Newsletter as much as we have enjoyed preparing it. Thanks and praise should be directed to all contributing students at our Unit who have been responsible for putting this all together.

**Dr. Abdulhamid Al Ghwainem, BDS,**  
MSc, DCLinDent Pediatric Dentistry  
Chairman, Student Activities Unit

# The 91st National Day

The ninety-first National Day in the history of the Kingdom of Saudi Arabia is emerging to renew the memory with the epics of unity and the heroism of the late, the founder, King Abdul Aziz bin Abdul Rahman Al Saud and his loyal men who, with their epic, heroism, and sacrifice, made a homeland that climbs to the heights of glory and records a name for it. It was led by his sons, may God have mercy on them, to reach the auspicious era under the leadership of King Salman bin Abdulaziz and His Highness the Crown Prince, Prince Muhammad bin Salman bin Abdulaziz.

Today, we are witnessing a comprehensive Renaissance in various fields, achieving success after another, and the continuity of the wise leadership the wheel of development has been pushed, overcoming all obstacles and challenges, to proceed with firmness and determination in achieving the means of development for this country.

In light of the current crisis, the Ministry of Education was able during the last period to launch several initiatives and programs that aim to deliver the educational message to the highest standards while preserving the safety of the individual and society and achieving more success and advancement.

Today we walk with pride and glory for what has been achieved in our homeland, asking God to help us all fulfill our duty towards it to the fullest extent so that our homeland remains above the peaks of glory. In education, the Custodian of the Two Holy Mosques has given great importance to providing everything in their hands to pay for education, put it on top of priorities, and provide all support for its high objectives.
